History: This message has been replied to.

Denise,

Finally!!, now I have a Proposed Plan that is complete, at the printers, and will be physically mailed within the next couple of days. Please see attached. As you see there the Pub. Meeting date and locale are set; date is Tues. March 20, 2012. Comment Period runs from March 6 to April 5.

I spoke briefly to Ms. Gardner at the library some time ago and, as I recall it, she was interested in receiving docs on CD, for space-conserving reasons. At least I think so.

Email/call me as needed - *Thanks* for you assistance.

Debbie - As before, this document has NOT been put into the Records system and needs to be. Thanks.-

Hi Ralph,

Thanks for the two documents for the AROD. So far, those are all I have for the AROD, until the Proposed Plan is completed. Do you have the date for the start of the comment period? This is when the AR must be available at the repository.

Yes, I do have the repository info, as follows:

Hello Denise:

Well finally, I have a couple of the documents for my Amended ROD. *There will also be* a Proposed Plan, which I'm still finalizing. Once done that'll complete (I think) the documents I think need to go to the repository. My memory is I sent you the info on the library in Gaffney, but if not, please let me know.

Debbie - These have NOT been put into the Records system and need to be.
